

BRIJESH NIMAVAT

Senior Flutter & iOS Mobile App Developer

Ahmedabad, India | +91 9574315473 | bnimavat11@gmail.com

LinkedIn: <https://www.linkedin.com/in/brijesh-nimavat>

PROFESSIONAL SUMMARY

Senior Mobile App Developer with **5+ years of experience**, having **deployed 10+ production mobile applications** on App Store and Play Store. Specialized in **Flutter and native iOS** development with strong expertise in **Clean Architecture, real-time features, CI/CD automation, and production release ownership**. Proven ability to independently deliver scalable, high-quality mobile applications used by **500K+ users**.

CORE SKILLS

Mobile: Flutter, Dart, Swift, SwiftUI, Java (Android)

Architecture: Clean Architecture, MVVM, Feature-based modularization

State Management: Bloc, Provider, GetX

Backend & APIs: REST APIs, GraphQL, WebSockets, Firebase (Auth, Firestore, Realtime DB)

Databases: PostgreSQL (API-backed), Sqflite, Hive, Core Data

Auth & Security: JWT, OAuth2, Google Sign-In, Apple Sign-In, Keychain, flutter_secure_storage

Real-Time & Advanced: Live chat, Background services, Location tracking, Push Notifications (FCM/APNs), Deep & Universal Links

CI/CD & Release: GitHub Actions, App Center, Azure DevOps, TestFlight, Play Console

Monitoring & Tools: Firebase Crashlytics, Sentry, Git, Jira, Agile/Scrum

PROFESSIONAL EXPERIENCE

Bardo Studio | Senior Flutter Developer | Remote | Jan 2026 – Present

- Working directly with startups and international clients to **build MVP mobile applications from scratch using Flutter**
- Helping early-stage products **define mobile architecture, tech stack, and scalability strategy**

- Converting **Figma / UI designs into production-ready Flutter applications** with pixel-perfect UI
- Performing **code reviews, performance optimization, and app refactoring** for existing Flutter projects
- Assisting clients with **App Store & Play Store publishing, compliance, and release management**
- Providing **technical consulting for Flutter architecture, state management, and code quality improvements**

Altum, LLC – Ahmedabad, India

Senior Mobile Developer | Dec 2022 – Dec 2025

- Lead Flutter and iOS SwiftUI development with full ownership of architecture, features, and releases
- Designed scalable Flutter apps using Clean Architecture and Bloc/Provider
- Integrated **GraphQL and REST APIs** backed by PostgreSQL-based backend systems
- Built real-time features using **WebSockets and Firebase**
- Implemented offline-first flows with background sync and caching
- Automated CI/CD pipelines using **GitHub Actions and Microsoft App Center**, including **unit test execution and build validation**
- Owned App Store & Play Store submissions, certificates, provisioning, and hotfix releases
- Reduced crash rates through proactive monitoring using Sentry and Crashlytics

Codefencers Pvt. Ltd. – Ahmedabad, India

Mobile Application Developer | Apr 2021 – Nov 2022

- Developed and shipped multiple Flutter apps for global clients
- Implemented Firebase Authentication, Firestore, Analytics, and Crashlytics
- Integrated REST APIs with Dio interceptors and structured error handling
- Delivered Play Store and App Store releases with staged rollouts

KEY PROJECTS (PRODUCTION APPS)
