

GAURAV SHARMA

Frontend Developer | Angular · TypeScript · Java

+91-6376092910 | kunnusharma196@gmail.com | LinkedIn | Jaipur, Rajasthan, India

SUMMARY

Results-driven Frontend Developer with 2+ years of experience designing and building scalable Single Page Applications (SPAs) using **Angular, RxJS, and TypeScript**. Proven track record delivering responsive, cross-browser-compatible UIs for clients across e-commerce, HRMS, and professional-body platforms. Working knowledge of **Java, Spring Boot, and REST API** development, with a keen interest in growing into full-stack engineering. Comfortable in Agile environments and cross-functional teams.

TECHNICAL SKILLS

Frontend: Angular (v10–17), RxJS, TypeScript, JavaScript (ES6+), HTML5, CSS3, SCSS, Tailwind CSS, Bootstrap

Backend (Working Knowledge): Java, Spring Boot, REST APIs, MySQL

Tools & Practices: Git, GitLab, VS Code, Responsive Web Design, Payment Gateway Integration, Component-Based Architecture, Agile / Scrum

PROFESSIONAL EXPERIENCE

Software Developer | Sag Infotech — Jaipur, India

May 2024 – Present

- Architected and maintained multiple Angular SPAs using component-based architecture, lazy loading, and RxJS reactive patterns.
- Contributed to Gencodex AI (low-code/no-code platform) — built reusable drag-and-drop controls and co-developed a grid library used across the product.
- Delivered HRMS module with real-time camera-based attendance tracking and employee lifecycle management features.
- Built full Maheshwari Samaj community portal: member directory, business listings, gold-card system, role-based login, and admin dashboard.
- Integrated Razorpay/payment gateways and implemented coupon/cart logic for Aamer Kila e-commerce platform.
- Developed and maintained responsive websites for three ICAI branches (Bhopal, Agra, Bengaluru) including admin panels, job portals, and event pages.
- Led frontend for AICMMA: dynamic pages, secure payment flow, and real-time backend API integration.

Junior Frontend Developer | Getraise Pvt. Ltd. — Jaipur, India

Oct 2023 – Apr 2024

- Built RJ-Kartik lifestyle/blog platform with Angular — implemented coupon engine and discount flows for course enrollments.
- Developed two responsive e-commerce clothing platforms (Not So Cool & StyleKaro) using Angular with RESTful API integration for real-time inventory and order management.
- Improved cross-browser compatibility, optimized page load performance, and resolved UI/UX bugs across production sites.

EDUCATION

B.Tech in Electronics & Communication Engineering | Swami Keshvanand Institute of Technology, Jaipur | 2019 – 2023
