PROFESSIONAL SUMMARY

Results-driven Software Developer with 3+ years of experience in Frontend Development, SharePoint Development, and Workflow Automation. Proficient in React.js, Node.js, JavaScript, HTML5/CSS3, and Power Automate. Proven track record delivering scalable, user-centric web applications including e-commerce platforms, document management systems, and enterprise SharePoint solutions. Skilled at collaborating with cross-functional teams and translating business requirements into high-performance technical solutions.

CORE TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Responsive Design

Backend: Node.js, REST APIs, MySQL, SQL

SharePoint: SharePoint Framework (SPFx), SharePoint Online, Outbox

Automation: Power Automate, Workflow Design, Approval Workflows

Tools & Other: Git, GitHub, Azure Blob Storage, WordPress, Android Development (Java)

PROFESSIONAL EXPERIENCE

Iqonic Design

Nov 2025 – Present

Software Developer

- Developed and maintained full-stack web applications using React.js and Node.js, delivering responsive, high-performance user interfaces for multiple client projects.
- Built NerDiamond, a B2B certified diamond and luxury jewelry marketplace, and ANSquared, a lab-grown diamond e-commerce platform — both featuring advanced product search, dynamic catalog, and shape filtering using React.js.
- Developed a Point-of-Sale (POS) e-commerce system, streamlining sales transactions, billing, and inventory tracking.
- Contributed to Eco Hero (AgeWell), a React-based healthcare wellness application focused on daily health tracking and user progress management.
- Integrated RESTful APIs and collaborated with backend teams to ensure seamless, reliable data flow across all projects.

Letmegrab

Jun 2024 – Oct 2025

Software Developer

- Built LMG Front User, a decentralized digital marketplace for hyperlocal shopping across India using React.js, featuring secure transactions and intuitive product discovery.
- Developed LMG Support, a React-based customer support module to manage user complaints with secure and transparent interactions.
- Optimized frontend application performance, improving page load speed and overall user engagement metrics.
- Participated in code reviews and contributed to best practices for component architecture and state management.

Treta Infotech

Dec 2022 – May 2024

SharePoint Developer

- Designed and built CDV, a secure SharePoint-integrated platform for managing user-specific Azure Blob data with blob preview, download, and admin-level access control.
- Developed Smart DMS and JMehta DMS — document management systems enabling seamless multi-location document sharing with admin oversight.
- Created SS Waste Report, a monthly waste cost tracking application with event-based reporting and automated summary generation using Power Automate.

- Designed PA Process, an automated employee appraisal system with scheduled email reminders and performance form workflows.
- Automated 10+ key business workflows using Power Automate, significantly reducing manual effort and improving process efficiency across the organization.
- Managed SharePoint site permissions, maintained optimal site performance, and provided end-user training and documentation.

KEY PROJECTS

- **NerDiamond:** B2B certified diamond and luxury jewelry marketplace with advanced product search, shape filtering, and secure buyer workflows built with React.js. (*nerdiamond.com*)
- **ANSquared:** Lab-grown diamond e-commerce platform with dynamic catalog, product filtering, and seamless buyer experience built on React.js. (*ansquared.com*)
- **POS System:** E-commerce Point-of-Sale application for streamlined sales transactions, billing, and inventory management.
- **LMG Front User:** Decentralized digital marketplace for hyperlocal shopping across India using React.js, with secure transactions and smooth product discovery.
- **Eco Hero (AgeWell):** React-based healthcare wellness application built on the AgeWell platform by Bridgit Care, supporting older adults with daily health tracking, personalised coaching, wellness check-ins, and user progress management. Features tailored activity suggestions, goal-setting tools, and AI-driven support to promote healthy ageing. (*agewell.bridgit.care*)
- **CDV:** Secure SharePoint-integrated platform for managing user-specific Azure Blob data with blob preview, download, and admin-level access control.
- **Smart DMS / JMehta DMS:** Intuitive document management systems with multi-location document sharing and admin oversight modules for enterprise use.
- **PA Process & SS Waste Report:** Automated employee appraisal system with scheduled email workflows and a monthly waste cost tracking app, both powered by Power Automate.

EDUCATION

B.E. in Information Technology Uka Tarsadia University	<i>CGPA: 8.0 2023</i>
Diploma in Information Technology Gujarat Technological University	<i>CGPA: 8.80 2020</i>
Secondary School Certificate (SSC) Gujarat Secondary Education Board	<i>88.69% 2017</i>
