Stork App | *Child transportation*

- Stork is the ultimate solution for busy parents, providing safe and reliable transportation services for your little ones. With a focus on security and convenience, Stork ensures peace of mind while your children travel to school, activities, or anywhere they need to be.
- **Android:** <https://play.google.com/store/apps/details?id=com.stork.mobile.app>
- **IOS:** <https://apps.apple.com/us/app/stork-safe-rides-for-kids/id6450691148>

Pocket Trainer | *Gym training*

- Pocket-Trainer is your all-in-one fitness companion, designed to simplify workouts, nutrition, and motivation. Whether you're aiming to build muscle, lose weight, or stay consistent, Pocket-Trainer provides expert workout plans, guided exercise videos, and personalized nutrition support. With a focus on progress and accountability, it's like having a personal trainer in your pocket—anytime, anywhere.
- **Android:** https://play.google.com/store/apps/details?id=co.pocket.trainer&hl=en_IN
- **IOS:** <https://apps.apple.com/us/app/pocket-trainer-workout-tracker/id6737967207>

OpenCp Trades | *Social Trading Platform*

- OpenCp Trades is the ultimate social platform for stock traders to share their daily trades with the community. Capture the excitement of your trading day by posting pictures and videos of your trades, complete with key details like Take Profit, Buy/Sell status, and more. Connect with fellow traders, learn from their experiences, and showcase your own trading strategies.
- **Android:** https://play.google.com/store/apps/details?id=com.hiskicks.openCPTrades&hl=en_GB
- **IOS:** <https://apps.apple.com/in/app/opencp-trades/id6587572621>

McGrath | *Real estate*

- The McGrath Estate Agents real estate app is a platform that connects property suppliers, real estate agents, and buyers or renters. Property owners can list their properties, agents manage and promote listings, and users can easily search, view details, and contact agents to buy or rent properties. It makes the property buying, selling, and renting process simple and convenient.

Cactigo App | *Event management*

- Cactigo app allows event organizers to create events, define participant limits, and manage registrations efficiently. It also includes a real-time group chat feature that enables communication among attendees who have joined the same event, improving coordination and engagement. The app supports various event types including corporate events, social gatherings, sports tournaments, and outdoor activities.

Frued AI | *AI chatbot*

- Developed an AI-powered chatbot focused on supporting users with meditation and mindfulness practices. The chatbot interacts with users through conversational guidance to help reduce stress and promote relaxation. It provides personalized responses and meditation suggestions based on user interactions. The platform aims to improve mental well-being through AI-driven conversations

Rivo Rider/Driver | *Cab arrangator*

- Rivo Rider/Driver cab arrangement platform with separate Rider and Driver applications to simplify ride booking and management. The system allows users to easily request rides for daily commutes, airport transfers, and special occasions. Drivers can accept ride requests, manage trips, and track ride details in real time. The platform focuses on providing a smooth, reliable, and efficient transportation experience
