PROFESSIONAL SUMMARY

Results-driven **Android Developer with 3.5 years of experience** building scalable, production-grade mobile applications using **Kotlin, Jetpack Compose, and Java**. Proven record of achieving **98%+ crash-free stability** and reducing technical debt by **40%** through systematic refactoring. Experienced across fintech, edtech, and workforce management domains. Delivered cross-platform modules using **Flutter (Dart)**. Actively upskilling in advanced Compose UI architecture and clean architecture patterns.

SKILLS

Core Android	Kotlin, Java, Android SDK, Jetpack Compose, MVVM, Room, SQLite, Coroutines, LiveData, ViewModel
Frameworks & Tools	Retrofit, REST APIs, Firebase (Auth, Firestore, Cloud Messaging, Crashlytics), Hilt/Dagger, Git, Gradle
Cross-Platform	Flutter, Dart, GetX, Provider
Other	Google Maps API, Payment Gateway Integration, WebSocket, Material Design, Custom Views

EXPERIENCE

Android Developer

Jun 2022 – Jul 2025

Highen Fintech Labs, Ahmedabad

- Engineered production Android apps using **Kotlin, Jetpack Compose, Room, and MVVM**; cut technical debt by **40%** via full Java-to-Kotlin migration across the codebase.
- Integrated **Firebase Authentication, Firestore, and Cloud Messaging** to deliver secure, real-time features used by thousands of daily active users.
- Architected background services and **real-time GPS location tracking**, increasing field team operational efficiency and reducing manual reporting overhead.
- Achieved **98%+ crash-free sessions** by integrating Firebase Crashlytics, establishing QA pipelines, and resolving recurring production crashes.
- Built and shipped **Flutter (Dart + Provider)** cross-platform modules including authentication flows and dashboards, extending reach to iOS users.

Independent Development & Upskilling

Jul 2025 – Present

- Built **DemoTodo**, a full-featured task management Android app using **Jetpack Compose, MVVM, and Room** — source available at github.com/UjjawalDudani/demotodo.
- Earned **Google Play Academy – Store Listing Certificate**, strengthening app publishing, ASO, and Play Store best practices.
- Deepened expertise in **clean architecture, state management, and Compose performance optimization** through structured self-study and hands-on projects.

PROJECTS

Crest Connect (Flutter)

Workforce Management App

A mobile solution for attendance, task tracking, and leave management across field teams.

- Built **QR-based attendance** and task reporting modules using Flutter and Dart, enabling contactless workforce tracking.
- Integrated **REST APIs** for real-time data synchronization, reducing reporting lag for 500+ field users.

PlaceMe UK

Professional Relocation Platform

Application supporting professionals relocating to the UK with placement and onboarding services.

- Optimized app stability and onboarding workflows, reducing **crash reports by 30%** within two release cycles.
- Collaborated with cross-functional QA teams to diagnose and patch critical production issues pre-launch.

CBT Nurses

NMC CBT Preparation App

Exam preparation app for UK nurses featuring mock tests and live support.

- Delivered scalable exam modules supporting **10,000+ active users** with consistent cross-device performance.
- Introduced **real-time support functionality** to boost learner engagement and retention.

OET Nurses

OET Test Preparation App

Application offering OET mock exams and expert guidance for healthcare professionals.

- Built Android UI components using **Jetpack Compose and MVVM**, ensuring maintainability and scalability.
- Incorporated **in-app analytics** to monitor learner engagement patterns and inform UX improvements.

DemoTodo

Personal Project | Jetpack Compose, MVVM, Room

github.com/UjjawalDudani/demotodo

- Developed a task management app with **Jetpack Compose UI, MVVM architecture, and Room persistence** to demonstrate active skill development during career break.
- Implemented clean architecture with separation of concerns across data, domain, and presentation layers.

CERTIFICATIONS

Google Play Academy – Store Listing Certificate

2025

Google – App publishing, store listing optimization, and Play Store best practices.

EDUCATION

Bachelor of Computer Science

2017 – 2021

Indrashil Institute of Science and Technology, Gujarat
